Dear Residents, Families and Maple View Lodge Team Members;

Re: Maple View Lodge

Regretfully, today the United Counties of Leeds and Grenville must announce a Public Health declared COVID Outbreak at Maple View Lodge in Athens. This involves COVID positive residents on Meadowview.

All infection management protocols are in place to prevent the spread of this, or any other infection to others. All residents on Meadowview that are symptomatic have been tested and our team will notify the Power of Attorney or Substitute Decision Maker of the results once confirmed. Maple View screens all residents throughout the Home twice daily as a precautionary measure on an ongoing basis.

We are working in close partnership with our local Public Health Unit and Medical Director to ensure every possible step is taken to protect our Residents and Staff. We have been, and continue to follow all Public Health and Provincial Directives, to protect our Residents and Staff. We shall manage this situation and any potential subsequent cases to prevent further spread. The health and safety of our Residents and Staff remains our highest priority.

Maple View Lodge and the United Counties of Leeds and Grenville are committed to the privacy of any involved residents or staff members therefore, we appreciate your understanding that we are unable to share details about this case (or others moving forward).

At this time no general visitors to the home will be permitted. Essential caregivers continue to be welcome to visit however limited to 1 at a time. We ask that you self-screen for any respiratory or other illness at home *before* coming to Maple View. If you are experiencing respiratory symptoms, or have had contact with a person who has symptoms you must not visit the home until symptoms completely resolve.

Maple View Lodge will post information, updates to our website, Social Media, and communicate fully with Residents, Families and Staff. We will monitor and support all stakeholders and work with Public Health and the Ministry to provide updates for our community to ensure transparency for our Residents and Staff. The United Counties of Leeds and Grenville will update local media on a regular basis.

Vaccination adds an additional layer of protection and we continue to encourage everyone who is eligible to get vaccinated and receive boosters when eligible.

For up-to-date regional, national and global information on COVID-19, please visit the Province of Ontario's site at www.ontario.ca/coronavirus and self-screening assessment at <https://covid-19.ontario.ca/self-assessment/#q0>.

Sincerely,

A handwritten signature in blue ink that reads "Tracy Jordan".
