BACKGROUND

Housing is a fundamental need; it supports positive health and social outcomes, and connects residents to the economy, transportation systems, and community services. With the rising housing costs, and limited rental housing availability, individuals find it challenging to secure housing that meets their needs. This can be more challenging for households living with low-income, and the high cost of private market housing may lead to housing instability or homelessness. Maintaining the supply of community housing is critical as the number of households waiting for subsidized housing continues to grow each year.

Directive: End of Mortgage Operating Agreement

Issue Date:	July 24, 2024	Directive No.:	DIR2024-05
Revision Date:		Revision No.:	

PURPOSE

The purpose of this Directive is to communicate the process of developing continued agreements when Non-Profit and Housing Co-operatives projects reach the end of their mortgage.

An End of Mortgage Operating Agreement will allow for:

- 1) The ability to address local housing needs, conditions, and challenges at the end of existing Service Agreements.
- 2) A flexible funding approach to incentivize housing providers to stay within the system once their current obligations expire.
- 3) Service managers and housing providers to review financial plans every 5 years to help ensure funding provided will sustain the subsidized units during the Service Agreement.
- 4) Continued support of non-profit housing providers to deliver rent-geared-to-income subsidy to low-income households, while utilizing the centralized waitlist to fill vacancies.

ACTION TO BE TAKEN

CRITERIA

End of Mortgage Operating Agreements must include:

1. A baseline to continue funding rent-geared-to-income (RGI) units.
2. The number of RGI units.
3. A minimum term length of 10 years, financial budgets to be submitted every 5 years.
4. The requirement for all units to align with existing selection and waitlist rules under the *Housing Services Act*.
5. A process to manage issues of non-compliance and dispute resolution.

The participation in mandatory Housing Services Corporation (HSC) programs with current exemptions continuing.

The Housing providers **may** exit the *HSA* framework once their mortgage and/or operating agreement expires. Exit agreements will also be subject to negotiation, but must include:

1. Ongoing accommodation and delivery of RGI (or other assistance) to households on assistance
2. Either:
