Canada Greener Affordable Housing

Program Overview

July 11th, 2023

Key Highlights

To assist affordable housing providers complete **deep energy retrofits** on their multi-unit residential buildings.

- Deeper reductions in energy consumption and Greenhouse Gas emissions
- Improve building quality
- Adapt to climate change and extreme weather events

To make the transition to a greener building more affordable and sustainable by providing necessary financial support.

Funding Opportunities for Retrofits

Pre-Retrofit Funding

Contributions to help fund pre-retrofit activities needed to **plan, prepare, and apply** for Retrofit Funding.

Retrofit Funding

Repayable and forgivable loans to complete deep energy retrofits on multi-unit buildings.

Pre-Retrofit Funding activities lead into your Retrofit Funding application

Documents that are paid for by Pre-Retrofit Funding show eligibility and are required to be submitted as part of the Retrofit Funding application.

Eligible Activities and Costs

Pre-Retrofit Funding

May include, but are not limited to:

- Building Condition Assessment (BCA) Report
- Energy Audit (ASHRAE 3 or equivalent)
- Energy Modelling Study
- Project Drawings and Specifications
- Engineering Studies
- Construction Cost Estimates
- Business Case to demonstrate benefits/impact of the retrofit
- Environmental Site Assessments / Hazardous Materials Report
- Site Surveys

Retrofit Funding

- Retrofit measures, systems, software and/or equipment
- Repair and maintenance
- Renewable energy
- Climate resiliency measures
- Closing costs
- Other measures and costs deemed appropriate by CMHC

NOTE: Applicable retrofit measures that will be funded through the program should not be experimental

Funding Opportunities for Retrofits

Pre-Retrofit Funding

\$19.5 million in contributions

Maximum \$130,000 per project

Retrofit Funding

Up to \$1.1 billion in loans (forgivable and repayable combined)

CMHC will fund 100% of eligible retrofit costs, up to \$170,000/unit (repayable and forgivable loans combined).

Forgivable loans will be the lesser of:

- \$85,000 per unit, or
- Eighty percent (80%) of eligible retrofit project cost.
