**United Counties of Leeds and Grenville**  
**Westport Storm Sewer Outfall Improvements Environmental Assessment Study**

**INTRODUCTION**

The United Counties of Leeds and Grenville (UCLG) has completed a Schedule B Municipal Class Environmental Assessment (MCEA) (2025) Study for reconstruction and drainage improvements for the Westport Storm Sewer Outfall. The MCEA Study has evaluated alternatives and developed a Recommended Plan to address the needs within the Project Limits.

**STUDY PROCESS**

The UCLG EA Study was conducted as a Schedule B EA Study under the MCEA (2023). The Study considered alternatives for improvements to the stormwater drainage system to provide an adequate flow route for rainfall events that exceed the capacity of the storm sewer system and replace aging infrastructure.
