

APPLICATION FOR APPROVAL OF A PLAN OF SUBDIVISION OR CONDOMINIUM DESCRIPTION Under Section 51 of the *Planning Act*

THE UNITED COUNTIES OF LEEDS AND GRENVILLE

Mail: 25 Central Ave. W., Suite 100, Brockville, ON, K6V 4N6

Phone: (613) 342-3840, ext. 2419; Fax: (613) 342-2101

E-mail: planner@uclg.on.ca

Please print, complete or (v) appropriate box(es) and attach required reports, copies of draft plan and fee(s)

Complete Application: The application will be deemed complete when the required fee(s) and the following have been submitted:

- Information prescribed by the *Planning Act* and *O. Reg. 544/06*. Prescribed information is indicated by a black asterisk (*).
- Required information (no asterisk) is necessary for efficient processing and proper planning evaluation of the application. The application could be refused if this information is missing.

Submission Checklist: The United Counties needs the following materials and the applicable fee. Other agencies may have further fees. Please use as a checklist.

- 15 copies of the completed application form, one with an original signature
- 15 folded copies of the draft plan with key map
- 2 copies of the draft plan on 8½ × 11 paper
- 5 copies of the information or reports shown as required by this form
- The applicable initial application fee:

- up to 20 lots/blocks	\$2000.00
- 21 to 50 lots/blocks	\$4000.00
- more than 50 lots/blocks . . .	\$6000.00

Assistance and Pre-Consultation: Please confer with the Counties Planner, the local municipality and relevant public bodies before completing the application form. This pre-consultation will assist in preparing an application and draft plan of subdivision/condominium that takes into consideration the Provincial Policy Statement and municipal requirements. Appendix 1 also provides some general requirements.

Fees: There is a refund of 80% of the initial application fee if the application is withdrawn prior to circulation.

Peer Reviews: Peer reviews of reports may be undertaken at the cost of the applicant. Funds will be tracked and returned if surplus or further funds may be requested from the applicant.

File Number: The Counties will assign a file number for complete applications and this number should be used in all subsequent communications.

Note: In this form, the term “subject land” means the land that is the subject of this application.

United Counties of Leeds & Grenville Application for Subdivision/Condominium

Notes:

1. Confirmation that the municipality concurs with the servicing options statement will facilitate the review of the proposal.
2. Before undertaking a hydrogeological report, consult the Counties about the type of hydrogeological assessment that is expected given the nature and location of the proposal.
3. Where communal services are proposed (water and/or sewage), these services must be owned by the municipality.
4. A certificate of approval from the local Health Unit or MOECC submitted with this application will facilitate the review.

*(a) Title of servicing information/reports

Attached

8.2 Indicate by placing a checkmark (✓) in the appropriate box of Table E the proposed type of storm drainage and access for the subject land. Attach and provide the servicing information as indicated in Table E.

Table E - Storm Drainage, Road Access and Water Access

Service Type		✓	Potential Information/Reports
* Storm Drainage	a) Sewers		A preliminary stormwater management report is recommended, and should be prepared concurrent with any hydrogeological reports for submission with the application. A stormwater management plan will be needed prior to final approval of a plan of subdivision or as a requirement of site plan approval.
	b) Ditches		
	c) Other		
* Road Access	a) Provincial Highway		Application for an access permit should be made prior to submitting this application. An access permit is required from MTO before any development can occur.
	b) Municipal or other public road maintained all year		Detailed road alignment and access will be confirmed when the development application is made. In the case of a Counties Road, an entrance permit is required before development can occur.
	c) Municipal road maintained seasonally		Subdivision or condominium development is not permitted on seasonally maintained roads.
	d) Right of way		Access by rights of way on private roads are not usually permitted, except as part of condominium.
* Water Access			Information from the owner of the docking facility on the capacity to accommodate the proposal will assist in the review.

*8.3 a) Is water access proposed? Yes No

If **Yes**, attach a description of the parking and docking facilities to be used and the approximate distance of the facilities from the subject land and the nearest public road. Attached

8.4 b) Is the preliminary stormwater management report attached?

Yes No If not attached as a separate report, in what report can it be found?

9. PROVINCIAL POLICY

**Appendix 1
Some General Requirements for Applications of Subdivision/Condominium**

Planning Application Fees:

In addition to the application fees charged by the Counties, there may be individual fees set by other agencies such as the Health Unit and the Conservation Authority. There may also be fees charged by the local municipalities. These fees are usually collected by the Counties at the time of application and are payable to the applicable agency.

Early Pre-Consultation:

Prior to formally submitting an application, the applicant and/or agent are strongly encouraged to contact the Counties and local municipal staff to discuss the development proposal. Where development is proposed on private services requiring Health Unit and/or Ministry of Environment and Climate Change (MOECC) approvals, it is recommended that applicants consult early with these agencies.

Assessment/Review of Applications:

Assessment/review of a plan of subdivision/condominium is based on land use planning legislation, policies and principles of potential social, economic and environmental impacts. All plans must be consistent with the Provincial Policy Statement and in conformity with the Counties and the local official plans. Zoning is also reviewed.

Part 8 Permit/Certificate of Approval for Sewage System:

Plans of subdivision/condominium proposed on small, private sewage servicing systems, generating 10,000 or less litres of effluent per day on one lot, require a Part 8 Permit under the Building Code issued by the local municipality or Health Unit. Prior to issuing a permit, the Health Unit may stake the septic system site and recommend to the Counties that a hydrogeological assessment/terrain analysis and/or servicing options study be completed.

A hydrogeological and terrain analysis report prepared by a qualified professional will be required as part of a complete application for proposals on private well and septic services. The report will be subject to a technical review by a third party peer reviewer, at the applicant's expense.

Plans of subdivision/condominium proposed on larger sewage systems that generate more than 10,000 litres of effluent per day on one lot would require a Certificate of Approval from the MOECC.

Other Permits that that May be Required:

Plans of subdivision/condominium that are near or potentially impact a provincial highway require a Ministry of Transportation entrance permit or land use permit. Proposals on Counties Roads require an access permit from the Counties Director of Public Works.

Proposals for sensitive land uses (e.g. residential) on sites with potential soil contamination would require the completion an environmental site assessment (ESA) by a qualified person to determine extent of contamination and recommended actions for remediation.

Permits for alteration to shorelines, docks or erecting structures near watercourses could be required from the local conservation authority or the Ministry of Natural Resources and Forestry (MNRF).
